

How big is your vector? -5

[1]: 1

1

Enter command. L = left R = right E = exchange Q = quit L

1

Enter command. L = left R = right E = exchange Q = quit l

1

Enter command. L = left R = right E = exchange Q = quit R

1

Enter command. L = left R = right E = exchange Q = quit r

1

Enter command. L = left R = right E = exchange Q = quit e

Exchange which 2 locations?

0 0

1

Enter command. L = left R = right E = exchange Q = quit E

Exchange which 2 locations?

0 1

Caution: Out of Bounds Exchange Attempted

1

Enter command. L = left R = right E = exchange Q = quit E

Exchange which 2 locations?

-1 0

Caution: Out of Bounds Exchange Attempted

1

Enter command. L = left R = right E = exchange Q = quit q

Bye bye
